

The Good A Humanist Bible

A.C. Grayling

The Good Book A C Grayling, 2011-04-04 Designed to be read as narrative and also to be dipped into for inspiration, encouragement and consolation, *The Good Book* offers a thoughtful, non-religious alternative to the many people who do not follow one of the world's great religions. Instead, going back to traditions older than Christianity, and far richer and more various, including the non-theistic philosophical and literary schools of the great civilisations of both West and East, from the Greek philosophy of classical antiquity and its contemporaneous Confucian, Mencian and Mohist schools in China, down through classical Rome, the flourishing of Indian and Arab worlds, the European Renaissance and Enlightenment, the worldwide scientific discoveries of the 19th and 20th centuries to the present, Grayling collects, edits, rearranges and organises the collective secular wisdom of the world in one highly readable volume. Contents: Genesis Proverbs Histories Songs Wisdom Acts The Lawgiver Lamentations Concord Consolations Sages The Good Parables

The Good Book A. C. Grayling, 2011-04-04 Drawing on the wisdom of 2,500 years of contemplative non-religious writing on all that it means to be human - from the origins of the universe to small matters of courtesy and kindness in everyday life - A. C. Grayling, Britain's most popular and widely read philosopher, has created a secular bible. Designed to be read as narrative and also to be dipped into for inspiration, encouragement and consolation, *The Good Book* offers a thoughtful, non-religious alternative to the many people who do not follow one of the world's great religions. Instead, going back to traditions older than Christianity, and far richer and more various, including the non-theistic philosophical and literary schools of the great civilisations of both West and East, from the Greek philosophy of classical antiquity and its contemporaneous Confucian, Mencian and Mohist schools in China, down through classical Rome, the flourishing of Indian and Arab worlds, the European Renaissance and Enlightenment, the worldwide scientific discoveries of the 19th and 20th centuries to the present, Grayling collects, edits, rearranges and organises the collective secular wisdom of the world in one highly readable volume. Contents: Genesis Proverbs Histories Songs Wisdom Acts The Lawgiver Lamentations Concord Consolations Sages The Good Parables

The Good Book A. C. Grayling, 2011-04-05 Few, if any, thinkers and writers today would have the imagination, the breadth of knowledge, the literary skill, and yes-the audacity to conceive of a powerful, secular alternative to the Bible. But

that is exactly what A.C. Grayling has done by creating a non-religious Bible, drawn from the wealth of secular literature and philosophy in both Western and Eastern traditions, using the same techniques of editing, redaction, and adaptation that produced the holy books of the Judaeo-Christian and Islamic religions. The Good Book consciously takes its design and presentation from the Bible, in its beauty of language and arrangement into short chapters and verses for ease of reading and quotability, offering to the non-religious seeker all the wisdom, insight, solace, inspiration, and perspective of secular humanist traditions that are older, far richer and more various than Christianity. Organized in 12 main sections---Genesis, Histories, Widsom, The Sages, Parables, Consolations, Lamentations, Proverbs, Songs, Epistles, Acts, and the Good---The Good Book opens with meditations on the origin and progress of the world and human life in it, then devotes attention to the question of how life should be lived, how we relate to one another, and how vicissitudes are to be faced and joys appreciated. Incorporating the writing of Herodotus and Lucretius, Confucius and Mencius, Seneca and Cicero, Montaigne, Bacon, and so many others, The Good Book will fulfill its audacious purpose in every way.

The God Argument A. C. Grayling, 2013-03-14 There has been a bad-tempered quarrel between defenders and critics of religion in recent years. Both sides have expressed themselves acerbically because there is a very great deal at stake in the debate. This book thoroughly and calmly examines all the arguments and associated considerations offered in support of religious belief, and does so in full consciousness of the reasons people have for subscribing to religion, and the needs they seek to satisfy by doing so. And because it takes account of all the issues, its solutions carry great weight. The God Argument is the definitive examination of the issue, and a statement of the humanist outlook that recommends itself as the ethics of the genuinely reflective person.

The Cambridge Companion to Renaissance Humanism Jill Kraye, 1996-02-23 From the fourteenth to the seventeenth century, humanism played a key role in European culture. Beginning as a movement based on the recovery, interpretation and imitation of ancient Greek and Roman texts and the archaeological study of the physical remains of antiquity, humanism turned into a dynamic cultural programme, influencing almost every facet of Renaissance intellectual life. The fourteen essays in this 1996 volume deal with all aspects of the movement, from language learning to the development of science, from the effect of humanism on biblical study to its influence on art, from its Italian origins to its manifestations in the literature of More, Sidney and Shakespeare. A detailed biographical index, and a guide to further reading, are provided. Overall, The Cambridge Companion to Renaissance Humanism provides a comprehensive introduction to a major movement in the culture of early modern Europe.

Meditations for the Humanist A. C. Grayling, 2003-11 Meditations for the humanist is a wide-ranging magnanimous inquiry into the philosophical and ethical questions that bear most strongly on the human condition. Containing nearly fifty linked commentaries on topics ranging from love, lying, perseverance, revenge, racism, religion, history, loyalty, health, and

leisure, *Meditations for the humanist* does not offer definitive statements but rather prompts to reflection. For those wishing to explore ethical issues outside the framework of organized religious belief, *Meditations for the humanist* offers an inviting map to the country of philosophical reflection.

Relax, It's Just God Wendy Thomas Russell, 2017-01-16 Gold-medal winner of a Next Generation Book Award, silver-medal winner of the Independent Publishers Book Award. As featured on the PBS NewsHour "A gem of a book." — LIBRARY JOURNAL (STARRED REVIEW) A step-by-step guide to raising confident, open-minded kids in an age of religious intolerance. *Relax, It's Just God* offers parents fresh, practical and honest ways to address issues of God and faith with children while promoting curiosity and kindness, and successfully fending off indoctrination. A rapidly growing demographic cohort in America, secular parents are at the forefront of a major and unprecedented cultural shift. Unable to fall back on what they were taught as children, many of these parents are struggling, or simply failing, to address issues of God, religion and faith with their children in ways that promote honesty, curiosity, kindness and independence. The author sifts through hard data, including the results of a survey of 1,000 nonreligious parents, and delivers gentle but straightforward advice to both non-believers and open-minded believers. With a thoughtful voice infused with humor, Russell seamlessly merges scientific thought, scholarly research and everyday experience with respect for a full range of ways to view the world. *Relax, It's Just God* goes beyond the numbers to assist parents (and grandparents) who may be struggling to find the right time, place, tone and language with which to talk about God, spirituality and organized religion. It encourages parents to promote religious literacy and understanding and to support kids as they explore religion on their own -- ensuring that each child makes up his or her own mind about what to believe (or not believe) and extends love and respect to those who may not agree with them. Subjects covered include: • Talking openly about our beliefs without indoctrinating kids • Making religious literacy fun and engaging • Talking about death without the comforts of heaven • Navigating religious differences with extended family members • What to do when kids get threatened with hell

Elle the Humanist Elle Harris, Douglas Harris, 2020-09-21

When Atheism Becomes Religion Chris Hedges, 2009-03-10 Critiques the radical mindset that rages against religion and faith, and identifies the pillars of the new atheist belief system, revealing that the stringent rules and rigid traditions in place are as strict as those of any religious practice. The new atheists, led by Richard Dawkins, Christopher Hitchens and Sam Harris, do not make moral arguments about religion. Rather, they have created a new form of fundamentalism that attempts to permeate society with ideas about our own moral superiority and the omnipotence of human reason. Journalist Hedges makes a case against both religious and secular fundamentalism.--From amazon.com.

Rethinking Incarceration Dominique DuBois Gilliard, 2018-03-02 The United States has more people locked up in jails, prisons, and detention centers than any other country in the history of the world. Exploring the history and foundations of

mass incarceration, Dominique Gilliard examines Christianity's role in its evolution and expansion, assessing justice in light of Scripture, and showing how Christians can pursue justice that restores and reconciles.

The Bible for Grown-Ups Simon Loveday,2016-08-04 'Loveday's case is that the mantle of historical truth and divine authority has placed upon the Bible an intolerable weight, crushing it as a creative work of immense imaginative and inspirational power. His argument is both fascinating and persuasive.' Matthew Parris The Bible for Grown-Ups neither requires, nor rejects, belief. It sets out to help intelligent adults make sense of the Bible - a book that is too large to swallow whole, yet too important in our history and culture to spit out. Why do the creation stories in Genesis contradict each other? Did the Exodus really happen? Was King David a historical figure? Why is Matthew's account of the birth of Jesus so different from Luke's? Why was St Paul so rude about St Peter? Every Biblical author wrote for their own time, and their own audience. In short, nothing in the Bible is quite what it seems. Literary critic Simon Loveday's book - a labour of love that has taken over a decade to write - is a thrilling read, for Christians and anyone else, which will overturn everything you thought you knew about the Good Book.

God in Us Anthony Freeman,2015-10-28 God In Us is a radical representation of the Christian faith for the 21st century. Following the example of the Old Testament prophets and the first-century Christians it overturns received ideas about God. God is not an invisible person 'out there' somewhere, but lives in the human heart and mind as 'the sum of all our values and ideals' guiding and inspiring our lives. This new updated edition includes a foreword by Bishop John Shelby Spong and an afterword from the author.

The Little Book of Humanism Alice Roberts,Andrew Copson,2020-08-27 THE SUNDAY TIMES BESTSELLER We all want to lead a happy life. Traditionally, when in need of guidance, comfort or inspiration, many people turn to religion. But there has been another way to learn how to live well - the humanist way - and in today's more secular world, it is more relevant than ever. In THE LITTLE BOOK OF HUMANISM, Alice Roberts and Andrew Copson share over two thousand years of humanist wisdom through an uplifting collection of stories, quotes and meditations on how to live an ethical and fulfilling life, grounded in reason and humanity. With universal insights and beautiful original illustrations, THE LITTLE BOOK OF HUMANISM is a perfect introduction to and a timeless anthology of humanist thought from some of history and today's greatest thinkers.

What is Good? A.C. Grayling,2011-07-21 A.C. Grayling answers the most important question - How do we live a good life? One of the most fundamental questions in our life is to find out what we value - what principles we want to live by and which codes we will use to guide our behaviour. Most of us want to live a good life. But what, in today's secular society, does 'good' actually mean? To classical Greeks, the acquisition of knowledge, the enjoyment of the senses, creativity and beauty were all aspects of life to strive for. Then came the volcanic declarations of St Paul and his fundamentalist ideas on sin and human

nature. In WHAT IS GOOD?, A.C. Grayling examines these and other proposals on how to live a good life, from the 'heroic' ideals of the Greek poets to Kant's theories on freedom and the UN Declaration on Human Rights.

The Oxford Handbook of Neo-Latin Stefan Tilg, Sarah Knight, 2015 From the dawn of the early modern period around 1400 until the eighteenth century, Latin was still the European language and its influence extended as far as Asia and the Americas. At the same time, the production of Latin writing exploded thanks to book printing and new literary and cultural dynamics. Latin also entered into a complex interplay with the rising vernacular languages. This Handbook gives an accessible survey of the main genres, contexts, and regions of Neo-Latin, as we have come to call Latin writing composed in the wake of Petrarch (1304-74). Its emphasis is on the period of Neo-Latin's greatest cultural relevance, from the fifteenth to the eighteenth centuries. Its chapters, written by specialists in the field, present individual methodologies and focuses while retaining an introductory character. The Handbook will be valuable to all readers wanting to orientate themselves in the immense ocean of Neo-Latin literature and culture. It will be particularly helpful for those working on early modern languages and literatures as well as to classicists working on the culture of ancient Rome, its early modern reception and the shifting characteristics of post-classical Latin language and literature. Political, social, cultural and intellectual historians will find much relevant material in the Handbook, and it will provide a rich range of material to scholars researching the history of their respective geographical areas of interest.

Making Sense of God Timothy Keller, 2016-09-22 We live in an age of scepticism. Our society places such faith in empirical reason, historical progress, and heartfelt emotion that it's easy to wonder: why should anyone believe in Christianity? What role can faith and religion play in our modern lives? In this thoughtful and inspiring book, pastor and New York Times bestselling author Timothy Keller invites sceptics to consider that Christianity is as relevant now as ever. As human beings, we cannot live without meaning, satisfaction, freedom, identity, justice and hope - and Christianity provides us with unsurpassed resources to meet all these needs. Written for both sceptic and believer, Making Sense of God shines a light on the profound value and importance of Christianity in our lives.

The Jefferson Bible Thomas Jefferson, 2012-03-02 Jefferson regarded Jesus as a moral guide rather than a divinity. In his unique interpretation of the Bible, he highlights Christ's ethical teachings, discarding the scriptures' supernatural elements, to reflect the deist view of religion.

Biblical Humanism and Scholasticism in the Age of Erasmus Erika Rummel, 2008 This handbook offers a new reading of the humanist-scholastic debate over biblical humanism, lending a voice to scholastic critics who have been unfairly neglected in the historical narrative. The investigations cover controversies beginning in quattrocento Italy and spreading north of the Alps in the 16th century.

A History of the Bible John Barton, 2019-06-04 A literary history of our most influential book of all time, by an Oxford

scholar and Anglican priest In our culture, the Bible is monolithic: It is a collection of books that has been unchanged and unchallenged since the earliest days of the Christian church. The idea of the Bible as Holy Scripture, a non-negotiable authority straight from God, has prevailed in Western society for some time. And while it provides a firm foundation for centuries of Christian teaching, it denies the depth, variety, and richness of this fascinating text. In *A History of the Bible*, John Barton argues that the Bible is not a prescription to a complete, fixed religious system, but rather a product of a long and intriguing process, which has inspired Judaism and Christianity, but still does not describe the whole of either religion. Barton shows how the Bible is indeed an important source of religious insight for Jews and Christians alike, yet argues that it must be read in its historical context--from its beginnings in myth and folklore to its many interpretations throughout the centuries. It is a book full of narratives, laws, proverbs, prophecies, poems, and letters, each with their own character and origin stories. Barton explains how and by whom these disparate pieces were written, how they were canonized (and which ones weren't), and how they were assembled, disseminated, and interpreted around the world--and, importantly, to what effect. Ultimately, *A History of the Bible* argues that a thorough understanding of the history and context of its writing encourages religious communities to move away from the Bible's literal wording--which is impossible to determine--and focus instead on the broader meanings of scripture.

Candidate Without a Prayer Herb Silverman, 2012 In this deeply revealing and engaging autobiography, Herb Silverman tells his iconoclastic life story. He takes the reader from his childhood as an Orthodox Jew in Philadelphia, where he stopped fasting on Yom Kippur to test God's existence, to his adult life in the heart of the Bible Belt, where he became a legendary figure within America's secular activist community and remains one of its most beloved leaders. Never one to shy from controversy, Silverman relates many of his high-profile battles with the Religious Right, including his decision to run for governor of South Carolina to challenge the state's constitutional provision that prohibited atheists from holding public office. *Candidate Without a Prayer* offers an intimate portrait of a central player in today's increasingly heated culture wars.
