The device was designed to develop the following concentration types: Concentration for any event or situation (including health) Concentration to rejuvenate Concentration for the development and clairvoyance control Concentration for the forecasting control development Concentration for the Eternal Life Development The strength of concentrations and the development of consciousness due to the concentration, is the same. But the physical device has an advantage: when the device is turned on, the person who is at 3 meters distance and is the one who was configured in the device, will take to the norm all its events, even if that person is not concentrated. A Crime So Monstrous E. Benjamin Skinner, 2013-03-22 Two hundred years after Parliament passed the Abolition of the Slave Trade Act, over 27 million people worldwide languish in slavery, forced to work, under threat of violence, for no pay. In Africa, hundreds of thousands are considered chattel, while on the Indian subcontinent millions languish in generational debt bondage. Across the globe, women and children, sold for sex and labour, are already the second most lucrative commodity for organised crime. Through eviscerating narrative, *A Crime So Monstrous* paints a stark picture of modern slavery. Skinner infiltrates trafficking networks and slave sales on four continents, exposing a flesh trade never before portrayed with such vivid detail. From mega-harems in Khartoum to illicit brothels in Bucharest, from slave quarries in India to urban child markets in Haiti, he lays bare a parallel universe where lives are bought, sold, used and discarded. The personal stories

related here are heartbreaking but in the midst of tragedy Skinner also discovered a quiet dignity that leads some to resist and aspire to freedom. He bears witness for them and for the millions that are held in the shadows - all victims of what is the greatest human-rights challenge facing our generation.
