The Last Dive Bernie Chowdhury,2012-01-03 A tragic account of the father-son dive team who met with disaster while exploring the wreck of a German U-boat off the coast of New York. Chris and Chrissy Rouse, an experienced father-and-son scuba diving team, hoped to achieve widespread recognition for their outstanding but controversial diving skills. Obsessed and ambitious, they sought to solve the secrets of a mysterious, undocumented World War II German U-boat that lay under 230 feet of water, only a half-day's mission from New York Harbor. In doing so, they paid the ultimate price in their quest for fame. Bernie Chowdhury, himself an expert diver and a close friend of the Rouses', explores the thrill-seeking world of deep-sea diving, including its legendary figures, most celebrated triumphs, and gruesome tragedies. By examining the diver's psychology through the complex father-and-son dynamic, Chowdhury illuminates the extreme sport diver's push toward—and sometimes beyond—the limits of human endurance. Praise for *The Last Dive* “Superbly written and action-packed, *The Last Dive* ranks with such adventure classics as *The Perfect Storm* and *Into Thin Air*.” —Tampa Tribune “[A] captivating account of sport diving.” —Publishers Weekly “Excellentlly written and a real “grabber” to read, the book includes much information about the history, equipment, and people who make up the world of extreme or “technical” diving. This book should be read by any diver thinking of getting involved in wreck, cave, deep, or mixed-gas diving.” —Library Journal

Each of these tales is accompanied by an in-depth analysis of what went wrong and how you can recognize, avoid, and respond to similar underwater calamities. This unique survival guide explores the gamut of diving situations, including cave and wreck diving, deep-water dives, river and drift diving, decompression sickness, and much more.
