Wasted Marya Hornbacher,2009-03-17 Why would a talented young woman enter into a torrid affair with hunger, drugs, sex, and death? Through five lengthy hospital stays, endless therapy, and the loss of family, friends, jobs, and all sense of what it means to be normal, Marya Hornbacher lovingly embraced her anorexia and bulimia -- until a particularly horrifying bout with the disease in college put the romance of wasting away to rest forever. A vivid, honest, and emotionally wrenching memoir, *Wasted* is the story of one woman's travels to reality's darker side -- and her decision to find her way back on her own terms.

Life-Size Jenefer Shute,1997-08 Both a cautionary tale and a call to arms for women whose lives are diminished by the tyranny of thinness, this harrowing novel about a young woman's anguished battle with anorexia is by turns crackling, acrid, and darkly comic. *Life-Size* shoots straight for the heart of our country's obsession with food and image.

Holocaust Literature of the Second Generation M. Vaul-Grimwood,2007-08-06 Exploring five key texts from the emerging canon of second generation writing, this exciting new study brings together theories of autobiography, trauma, and fantasy to understand the how traumatic family histories are represented. In doing so, it demonstrates the continuing impact of familial and community Holocaust trauma, and the need for a precise, clearly developed theoretical framework in which to situate these works. This book will appeal to final year undergraduates and postgraduate students, as well as scholars in literary and Holocaust-related fields, and an audience with personal and professional interests in the 'second generation'.

Wintergirls Laurie Halse Anderson,2014-03-06 A beautifully written and riveting look at anorexia from acclaimed author Laurie Halse Anderson. Cassie and Lia are best friends, and united in their quest to be thin. But when Cassie is found dead in a motel room, Lia must question whether she continues to lose weight, or choose life instead.

The Irish Welfare State in the Twenty-First Century Mary P. Murphy,Fiona Dukelow,2016-10-04 This book provides a critical and theoretically-informed assessment of the nature and types of structural change occurring in the Irish welfare state in the context of the 2008 economic crisis. Its overarching framework for conceptualising and analysing welfare state change and its political, economic and social implications is based around four crucial questions, namely what welfare is for, who delivers welfare, who pays for welfare, and who benefits. Over the course of ten chapters, the authors examine the answers as they relate to social protection, labour market activation, pensions, finance, water, early child education and care,

health, housing and corporate welfare. They also innovatively address the impact of crisis on the welfare state in Northern Ireland. The result is to isolate key drivers of structural welfare reform, and assess how globalisation, financialisation, neo-liberalisation, privatisation, marketisation and new public management have deepened and diversified their impact on the post-crisis Irish welfare state. This in-depth analysis will appeal to sociologists, economists, political scientists and welfare state practitioners interested in the Irish welfare state and more generally in the analysis of welfare state change.

Luckiest Girl in the World Steven Levenkron,1998

A Blessing on the Moon Joseph Skibell,2010-09-07 Joseph Skibell's magical tale about the Holocaust—a fable inspired by fact—received unanimous nationwide acclaim when first published in 1997. At the center of *A Blessing on the Moon* is Chaim Skibelski. Death is merely the beginning of Chaim's troubles. In the opening pages, he is shot along with the other Jews of his small Polish village. But instead of resting peacefully in the World to Come, Chaim, for reasons unclear to him, is left to wander the earth, accompanied by his rabbi, who has taken the form of a talking crow. Chaim's afterlife journey is filled with extraordinary encounters whose consequences are far greater than he realizes. Not since art Spiegelman's *Maus* has a work so powerfully evoked one of the darkest moments of the twentieth century with such daring originality.

Perfect Emily Halban,2008 Emily Halban developed anorexia in her final year of high school. She went on to college at an Ivy League school where her disease took on a powerful dimension. By her final year she was so debilitated that she had to take her exams in a separate room where she could be fed continuously. With heartbreaking candor and poignant intimacy, Emily vividly chronicles the complexities and inner struggles of living with anorexia. She traces her disease from its elusive origins, through its darkest moments of deprivation, guilt, and self-loathing. As she recounts her journey towards recovery, Emily draws us into her raw experience of anorexia, exposing its secrets and dispelling some of the myths that shroud it. Beautifully written and alive with self-awareness, but never self-pity, this inspiring read will offer those battling with this all-consuming disease a glimpse of perspective and hope, and help those on the outside to understand more.

In This Dark House Louise Kehoe,2010-01-13 In 1939 the influential architect Berthold Lubetkin abruptly left his thriving career in London and dropped out of sight, moving with his wife to a desolate farm in rural Gloucestershire. Life in the house the Lubetkins named "World's End was far from idyllic for their three children. Louise Kehoe and her siblings lived in an atmosphere of oppressive isolation, while their tyrannical father—at times charming and witty but usually a terrorist in a self-styled Stalinist hell—badgered and belittled them during his fits of self-loathing. Even his true identity remained an enigma. That secret was never divulged during her father's lifetime, but Louise's quest to unearth its origins—her relentless piecing together of the clues she found after his death—is a remarkable story, written with extraordinary grace, style, and imagination, of an identity and a heritage lost and found.

Suddenly Jewish Barbara Kessel,2012-04-01 Dramatic personal stories of the unexpected discovery of a Jewish heritage.

Diary of an Anorexic Girl Morgan Menzie,2003-04-14 Morgan Menzie takes readers through a harrowing but ultimately hopeful and inspiring account of her eating disorder. Her amazing story is told through the journals she kept during her daily struggle with this addiction and disease. Her triumphs and tragedies all unfold together in this beautiful story of God's grace. Features include: daily eating schedule, journal entries, prayers to God, poems, and what she wished she knew at the time. It's the true story of victory over a disease that is killing America's youth.

Children of Job Alan L. Berger,1997-01-01 An original contribution to Holocaust studies that demonstrates the theological and psychosocial issues emerging in novels and films by sons and daughters of survivors.

Second Generation Voices Alan L. Berger,Naomi Berger,2001-06-01 Heirs to the legacy of Auschwitz, the children and grandchildren of Holocaust survivors and perpetrators have always been thought of as separated by fear and anger, mistrust and shame. This groundbreaking study provides a forum for expression in which each group reflects candidly upon the consuming burdens and challenges it has inherited. In these intensely personal and frequently dramatic pieces, understandable differences surface. The Jewish second generation is unified by a search for memory and family. Their German counterparts experience the opposite. Yet surprising common ground is revealed. Each group emerges out of households where, for vastly different reasons, the Holocaust was not mentioned. Each struggles to break this barrier of silence. Each has witnessed the continued survival of parents and must grapple with living in households haunted by denial. And each knows it is his or her charge to shape the Holocaust for future generations. To be sure, there is disagreement among the groups about the need for-or wisdom of-dialogue. Yet *Second Generation Voices* boldly engenders authentic grounds for discussion. Issues such as guilt, anger, religious faith, and accountability are explored in deeply felt poems, essays, and narratives. Jew and German alike speak openly of forming and affirming their own identities, reconnecting with roots, and working through their own psychological Holocaust.

The War After Anne Karpf,2013-07-04 Anne Karpf's parents survived the Nazi Holocaust. Her mother, a concert pianist when she was eighteen, was a survivor of Plaszow and Auschwitz concentrations camps. Her father survived several Russian labour camps. When they came to Britain in 1947, their pasts came with them. In this thought-provoking and moving memoir, Anne Karpf explores the profound impact of her parents' wartime experiences on her daily life. Combining a gripping account of her parents' survival, a sharp examination of the history of British attitudes to Jews and to the Holocaust, and turning an often wryly comic eye on the parent-child struggle, *The War After* is a fascinating and deeply touching story. When originally published in 1996 it was widely acclaimed: 'Painful and honest.' *Observer* 'Fascinating and revealing.' *Literary Review* 'Anne Karpf is a skilled storyteller, moving naturally between her own history and that of her parents in a way that neither intrudes nor distorts.' *TLS* 'A vibrantly live memoir about growing up in a Holocaust home ... At times brutally sad, *The War After* is also a rich and funny exploration of the struggle between a child and her parents.' *Independent on Sunday*

Memory, Narrative, Identity Nicola King, 2000 This book explores the complex relationships that exist between memory, nostalgia, writing and identity.

Post-War Jewish Fiction D. Brauner, 2001-07-18 In this groundbreaking study, David Brauner explores the representation of Jewishness in a number of works by postwar British and American Jewish writers, identifying a transatlantic sensibility characterised by an insistent compulsion to explain themselves and their Jewishness in ambivalent terms. Through detailed readings of novels by famous American authors such as Saul Bellow, Philip Roth, Bernard Malamud and Arthur Miller, alongside those by lesser-known British writers such as Frederic Raphael, Jonathan Wilson, Howard Jacobson and Clive Sinclair, certain common preoccupations emerge: Gentiles who mistake themselves for Jews; Jewish hostility towards Nature; writing (and not writing) about the Holocaust, and the relationship between fact and fiction.

Perfect Natasha Friend, 2010-01-01 In the world of thirteen-year-old girls, everything's fine—at least on the surface. Isabelle Lee is a typical, wisecracking, middle-of-the-pack girl who just happens to be dealing with some big issues. Her father has died and no one—especially her mother—wants to talk about it. Meanwhile, Isabelle's sister, who "used to be nine and charming," has messed everything up by ratting Isabelle out to their mom about her eating disorder. At school, there's Mr. Minx, the self-important (but really not bad) English teacher; Ashley Barnum, the prettiest girl around; and the lunchroom, where tables are turf in an all-eyes-open battle for social status. Isabelle has measured the distance to being cool and she thinks it's long shiny hair, a toothpaste smile, and perfectly broken-in size-zero jeans. Perfect is the story of one girl's attempt to cope with loss, define true friendship, and figure out the difference between appearances and reality.

The Hunger Scream Ivy Ruckman, 1983-01-01 A girl who suffers from anorexia struggles to deal with the problem.

Hungry Sheila Himmel, Lisa Himmel, 2009-08-04 A unique eating-disorder memoir written by a mother and daughter. Unbeknownst to food critic Sheila Himmel—as she reviewed exotic cuisines from bistro to brasserie—her daughter, Lisa, was at home starving herself. Before Sheila fully grasped what was happening, her fourteen-year-old with a thirst for life and a palate for the flavors of Vietnam and Afghanistan was replaced by a weight-obsessed, antisocial, hundred-pound nineteen-year-old. From anorexia to bulimia and back again—many times—the Himmels feared for Lisa's life as her disorder took its toll on her physical and emotional well-being. Hungry is the first memoir to connect eating disorders with a food-obsessed culture in a very personal way, following the stumbles, the heartbreaks, and even the funny moments as a mother-daughter relationship—and an entire family—struggles toward healing.
