

The Biblical Guide To Alternative Medicine Englis

Paul C. Reisser, Dr Paul Reisser, M.D.

The Biblical Guide to Alternative Medicine Neil T. Anderson, Michael D. Jacobson, 2003 Not simply a diet or medicine book, *The Christian's Guide to Alternative Medicine* biblically analyzes the confusing medical practices swirling around us today. This book delivers the grid for evaluating medical treatments and systems and alternative therapies. Having separated the fantasies from the hard facts, it shows how to develop a recipe for holistic health.

Alternative Medicine Donal O'Mathuna, Walt Larimore, MD, 2010-05-11 The most complete resource of its kind on alternative medicine • Herbal remedies, dietary supplements, and alternative therapies Their specific uses Which ones really work (and which ones don't) What to watch out for • Christian versus non-Christian approaches to holistic health • Clinically proven treatments versus unproven or quack treatments • Truths and fallacies about supernatural healing • Ancient medical lore: the historical, cultural, and scientific facts • And much, much more *Alternative Medicine* is the first comprehensive guidebook to nontraditional medicine written from a distinctively Christian perspective. Keeping pace with the latest developments and research in alternative medicine, this thoroughly revised edition combines the most current information with an easy-to-use format. University lecturer and researcher Dónal O'Mathúna, PhD, and national medical authority Walt Larimore, MD, provide detailed and balanced answers to your most pressing questions about alternative medicine—and to other questions you wouldn't have thought to ask. Also includes Two alphabetical reference sections: *Alternative therapies* Herbal remedies, vitamins, and dietary supplements A description of each therapy and remedy, an analysis of claims, results of actual studies, cautions, recommendations, and further resources Handy cross-references linking health problems with various alternative therapies and herbal remedies reviewed in the book

Alternative Medicine Zondervan Publishing, 2001-06 An in-depth guide for Christians seeking to understand and evaluate the medical and spiritual implications of alternative practices, herbal therapies, and self-treatments available today. 20 copies per pack.

Baptizing Alternative Medicine W. Westbrook, 2003-01-22 Are alternative medicine and Christianity natural allies or rivals? They share a surprising number of basic features, yet it is frequently assumed that they are automatically in conflict. Many thoughtful Christians are intrigued by alternative medicine but wonder if there are sound theological reasons to avoid it. Does one risk Hell by receiving acupuncture for tennis elbow? *Baptizing Alternative Medicine* addresses these concerns. It

examines alternative medicine while avoiding the polarized positions which have frequently marked the debate. When one evaluates complementary and alternative therapies with careful attention to both spirituality and science, it becomes clear that though there are real dangers in some therapies, there are also real benefits which are worth pursuing. The book covers the major alternative therapies, analyzing the available scientific evidence and any theological concerns.

The Spiritual Dimension of Alternative Medicine Ernest M. Valea,2020-02-20 We often hear that alternative medicine is superior to classical medicine, for it treats us holistically, both the physical body and the immaterial part of our nature. Although such an approach seems desirable, it is precisely this aspect that opens the door to spiritual views incompatible with Christianity. Many forms of alternative medicine speak of a divine essence we allegedly possess, of a vital force that we can manipulate, of spiritual beings that can help us, and other such views closely related to Eastern religions and New Age thought. In their desire to find healing at any price, Christians often resort to these methods without realizing the spiritual danger involved. For Christians who want to live consistently with their faith, this book is intended to raise awareness of the hidden beliefs of alternative medicine.

The Christian's Guide to Natural Products & Remedies Frank Minirth,Alan Horewell, Virginia Neal,2005 Yet the marketplace of natural healing can be a highly unregulated one full of hearsay, trends, and half truths. Too much misinformation! Few trusted sources are available to clearly explain both the good and bad sides of the herb and supplement

story. The Christian's Guide to Natural Products & Remedies offers the respected integrity of Dr. Frank Minirth and collective wisdom of his associates for a thorough, Bible-informed approach to mind and body health. Dynamic commentary and Q & A chapters address natural healing from every direction, followed by invaluable sections on herb and supplement profiles, drug and herb interaction studies, and much more. Book jacket.

Health and Healing Andrew Weil, 2004-12-09 A comprehensive handbook on alternative treatments from the New York Times–bestselling author of *Mind Over Meds*. In *Health and Healing*, Harvard-trained physician Andrew Weil explores the full spectrum of alternative healing practices available today, including holistic medicine, homeopathy, osteopathy, naturopathy, chiropractic, Chinese medicine, Shamanism, mind cures, faith healing, psychic healing, and outright quackery. He investigates what works and what doesn't, what these practices have in common, how they differ from conventional medicine, and how they can be integrated into a complete approach to healing for the twenty-first century. *Health and Healing* draws on Dr. Weil's vast clinical and personal experience, as well as on case studies from around the world. "An amiable, open-minded guide to alternative systems of healing." —The New York Times "Incisive and illuminating . . . There is something for everyone in this book." —The Washington Post "A sound theoretical exploration, personably set forth." —Kirkus Reviews "A pioneer in the medicine of the future." —Deepak Chopra "A warm and clear-cut spectrum of health and healing. I recommend this book to all who are involved in or interested in wellness." —Dr. Bernie Siegel, author of *Love, Medicine & Miracles* "Read this book." —Dean Ornish, MD

Alternate Medicine Scripture Pathways Rev Elizabeth a. Patrick, 2012-10-01 This book is revised from the original titled *Alternate Medicine Pathways Through The Scriptures*: which was written in 1998. There were requests for more copies of the original book which had been depleted. In this version the author tells how some of the scriptures helped her in times of need. Personal interpretation of some scriptures is also shared. At the end of some of the chapters are prayers to help the sick with the words to seek God in the healing process. Studies have shown that prayer, and other forms of faith, do increase healing. Some of the major cancer center now incorporate prayer, and other forms of meditation into their treatment programs. The book is broken down into specific categories to help the sick find the particular scriptures they need. It is the author's hope that the book will bring comfort and hope from beginning to end.
